Description

PRODUCT FEATURES

- The Dukers draft beer system has ample space to withhold different keg of beers.
- Beer dispenses through a single tube with two handles, and the tube is lined with silver to ensure bacterial resistance.
- Defrosts automatically to reduce ice buildup, and its evaporator coil is epoxy coated so it won't corrode. Designed with stainless steel construction, the top can be used as a durable workstation that's convenient to wipe clean.
- Equipped with electronic controls, users can adjust the temperature of the Dukers draft beer cooler from 33 to 38 degrees Fahrenheit.
- Heavy-duty casters with brakes are included providing the unit with convenient mobility. Just roll the unit away from the wall.
